NEW YOGURT CITY

Julie, I am so pleased with the logo you created for New Yogurt City. I'm continuously amazed at how well you can visualize my thoughts and produce outstanding creations. I'm so proud that your creation is being used halfway around the world, in China. Thank you so much and it's always a pleasure to work with you.

SIMCOE MUSKOKA REGIONAL CANCER PROGRAM

Bateman Design Group has been fantastic to work with. Julie seemed to intuitively know what I needed as a logo and guided a very stress free and enjoyable process in helping me to come up with exactly what I needed. Not only was she able to craft an amazing logo for me to work with she has designed an eye catching rack card that elicits all kinds of positive comments and remarks. Julie has gone above and beyond; guiding me in ways to fully utilize my logo, such as embedding it in e-mail, providing me with a design that will work well in letterhead, PowerPoint presentations and other documents. Bateman Design Group is a class act, incredibly professional while continuing to be approachable and accessible; definitely a pleasure to consult with on all aspects of the project. Thank you Julie!
